16. Travelling Advice for International Competitors

IMPORTANT! Travel insurance is essential for every competitor travelling to Dubai for the 2026 World Natural Games. Please arrange comprehensive cover as soon as you book, including protection for trip cancellation or disruption, medical treatment and emergency repatriation, as ICN cannot accept responsibility for travel related losses due to cancellation of the event.

Dubai operates on Gulf Standard Time, UTC+4. The minimum time required to recover from the effects of jet lag is one hour for every hour you spend travelling. Try to arrive (Thursday) in the afternoon or evening so you can sleep and wake at the correct time. When you board the plane in your Country, adjust your watch to the time in Dubai, UAE and eat according to the time here. The same applies to sleep. Drink plenty of water. Eat Lightly. When booking your airline ticket, ask for low-fat meals to be served. Also, take your own food on the plane with you in your carry-on luggage. Also, bring some packaged food in your suitcase, so you can survive for several meals without the stress of finding bodybuilding food immediately upon arriving.

Consider using melatonin tablets (5-8 mg) before bed. This will help you overcome jetlag, the stress of travelling and help you sleep. Melatonin is produced by the pineal gland in response to darkness. During the day, melatonin levels are low. Melatonin can help reset the body clock.

Don't be critical of your contest condition, as you can expect to be 20% off your local contest condition due to the rigours of travel; however, everyone is similarly handicapped. That is why I say those who win international events are those who travel best and do not get upset by unexpected situations. Try to plan so you can be very self-reliant.

If you are staying in the hotel and plan to tan, please bring your own sheets and pillowcase to sleep in the bed. Otherwise, can get away with just a pillowcase and old "jammies" to sleep in. Hotels usually pass out when they see the tanning stains left behind by bodybuilders, and they will charge you an outrageous cleaning fee.

One important message about competing internationally: hope for the best and prepare for the worst. The way another country runs a contest may vary from what you expect, purely because each country uses a slightly different format. Also, International promoters only know the extent of who is competing at the last moment. It can throw scheduling out. So be flexible in your mind and last minute preparation. However, rest assured the Dubai International will be a fantastic experience for everyone.

17. VISA

You can check your visa requirements here for a [UAE tourist visa](#).

Citizens from many countries do not require advance visa arrangements to enter the UAE and can obtain a visa upon arrival.

Nationals of countries who require a prearranged UAE visa can now apply via

1. Major UAE airlines such as Emirates, Etihad, Flydubai, and Air Arabia provide visa services for their passengers. You can apply for a visa through their websites if you have a booking with them. You can apply for your UAE visa through our Manage your booking after you book your flight. VFS processing fees apply.

18. SIM card

Getting a SIM card in Dubai is quick and easy. You must be 18 years or older to register your SIM card, which requires your passport or ID card along with your valid [UAE tourist visa](#).

Tourists over the age of 18 can get a complimentary Tourism SIM card from telecom operator Du when they cross immigration at Dubai International Airport. Those with a transit visa, visit visa, or visa on arrival and GCC citizens can take advantage of this offer and receive 1GB of free mobile data valid for 24 hours.

Travellers can then top this up at a du kiosk in the arrivals area of the airport or [Dubai Duty Free](#). Other local operators – Etisalat and Virgin – also have kiosks at the airport offering prepaid SIM cards tailored specifically for tourists and business travellers with various options and offers on voice, data and text bundles. You can also get a SIM card in the city from major shopping hubs and Malls.

How long are visitor SIM cards valid for?

Visitor SIM cards have varying validity periods. For example, cards from du are valid for 90 days (or, until you leave the country, if shorter than this period), Etisalat offers a 28-day or 10-day option, and Virgin Mobile plans are available for seven, 10 or 15 days. All phone plans can be easily renewed and purchased as voice and data bundles, pay-as-you-go plans, or prepaid recharge cards. When making calls, remember that mobile phone numbers in the UAE are 10 digits long and the country code is +971. So, to call your mobile in the UAE from abroad, callers will need to dial 00971 and then your number.
